Consolidated Gas also lost 1 1-2 points, but shared in the recovery. The opening feeling of uncertainty was succeeded by a good tone, with considerably lighter trading. New York Central was steady at Saturday's figures.

New York Stock Market. Corrected daily by W. B. Hibbs & Co., members of the New York Exchange, 1419 F Street.

The stock market opened this morning The stock market opened this morning in a most discouraging manner, with heavy declines in the New York city franchise stocks and sympathetic weakness in other directions throughout the list. The bears, with the New York tax law as a pretext, accomplished a bad break in the market.

Prices went off from a point to 10 points
all over the list. The New York papers were full of bear articles about the effect of the law yesterday and all the bulls were ready at the sounding of the gong this morning to sell the New York stocks. The supporters waited until afternoon and then began to take everything that was offered at the lower prices. Brooklyn especially was supported at 128.

IMPORTANT TO MEN. Dangerous Symptoms. Many men become sexually weak early in life, or at least prior to old age. Some because of dissipation or high living; some because of worry over bad crops, business reverses or financial failures; some because of marital excesses; but by far the larger portion of those who are prematurely weak, debilitated, or impotent in their sexual organs, have become so through early habits of youth.

This weakness quickly cured by the use of The old Dr. Hallock Wonderful Electric Prils. Age no barrier. These Pills restore the vigor of youth.

This weakness quickly cured by the use of The Old Dr. Halluck Wonderful Electric Frifs. Age no barrier. These Pills restore the vigor of youth.

LOST MANHOOD may be conveniently divided into three stages, as follows:

First Stage—The main trouble is involuntary night drains, which are usually accompanied by dreams. They are a terrible drain upon the system. They rob the blood of its richness, and often produce pimples, cruptions, dark rings under the eyes, and like symptoms.

By using these Electric Pills at this stage the patient is quickly cured—the drains; stop and all the symptoms disappear.

Second Stage—The victim has drains, often without dreams. He may have premature discharges and shrunken organs. He shuns his friends and avoids society. Hs is often subject to servousness, headaches, weak back, dyspepsia, low spirits, loss of memory, confusion of ideas, and 'sok of energy, ambition, and self-confidence. Six boxes of Pills should be used for this stage. Gradually by their use the MAN is develooded and strength once more is returned.

THE OLD DR. HALLOCK ELECTRIC PILLS COMBINE THE NECENSARY INGREDIENTS. WHICH ATTACK THE SEAT OF THE DISFASE AND STOP THOSE DEBILITATING DRAINS, ARREST THE DECAY, BUILD UP THE TISSUES. AND THUS MARE THE STEP ELASTIC AND BRAIN ACTIVE. THERE IS NO OTHER REMEDY LIKE IT.

Third Stage—The drains are less frequent. The sexual strength begins to fail. In time all power is wholly lost. The transmission of life to posterity is only an empty dream. The poor victim has lost his grip on life. Every cherished ambition is dead. The world grows dark to him.

DON'T LOSE BOPE.

But use our Pills, and they will restore to you what you have lost—YOUR PRECIOUS MANHOOD—even in this third stage. They will make out of you a tower of physical, mental, and sexual strength. They will fit you for pleasure, study, business, and marriage, and send you out into the world with life anew.

The grangers were strong, despite the strength of wheat. They all had small advances on what seemed to be good buying. A squeeze of the shorts in these stocks is likely to occur at any time, and people well informed regarding them advise being on the long side this week. This is especially true of St. Paul and Atchison, preferred. The stocks were not sold off badly in the break.

Northern Pacific common, the strength of which was noted in this column last week, continued its good record this morning. The high price of this movement, 53 3-4, was reached in the first hour.
